

Appoggio fisso per sbarre stradali serie "GARD" (G 0462)
Non-moving support for "GARD" serie road barriers (G 0462)
Appui fixe pour barrières routières de la série "GARD" (G 0462)
Feste auflage für strassensperren serie "GARD" (G 0462)
Apoyo fijo para barreras de paso de la serie "GARD" (G 0462)

N.B.: in caso di applicazione della gomma protettiva (fig. 1), forare l'asta come da indicazioni e fissare l'apposito cavallotto.

N.B.: if the protective rubber strip is fitted (fig. 1), drill a hole in the bar as indicated and attach the special support bracket.

N.B.: en cas d'application du caoutchouc de protection (fig. 1), percer la barre en suivant les indications et fixer l'élément de support approprié.

Anmerkung: Wird der Schutzgummi montiert (Abb. 1), die Schranke gemäss der Abbildung anbohren und den betreffenden UBügel befestigen.

N.B.: caso de que se aplique la goma de protección (fig. 1), taladrar la barra como se indica y fijar el soporte específico.
