Connections

When the AC adaptor is connected, a short beep will be heard. If it is not heard, check the connections.

Important:

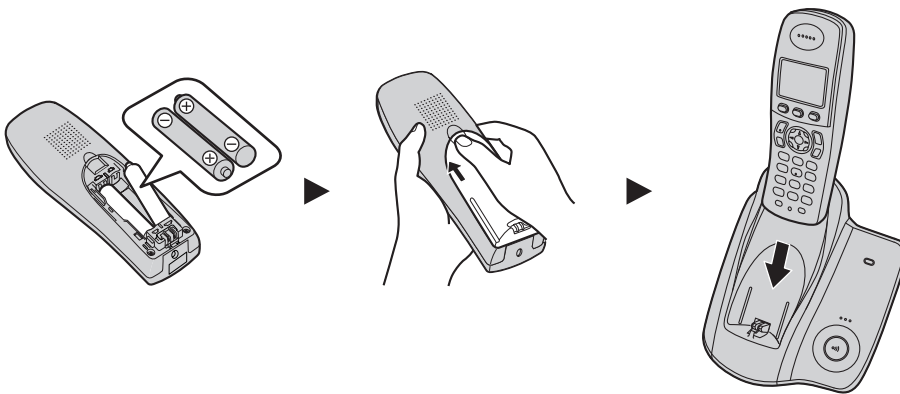

- Use only the AC adaptor and telephone line cord supplied with this unit.

Note:

- Never install telephone wiring during a lightning storm.
- The AC adaptor must remain connected at all times. (It is normal for the adaptor to feel warm during use.)

Battery installation

Insert the batteries negative (⊖) terminal first. Close the handset cover. **Place the handset on the base unit for about 7 hours before initial use.**

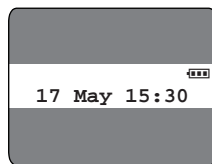

Note:

- Use only rechargeable batteries.

Screen saver mode

The backlight will turn off completely after 1 minute of inactivity if the handset is not on the base unit. Only essential icons and the date and time will be displayed, and they will occasionally change position in order to preserve the life of the display.
