INSTRUCTIONS FOR SAFE USE

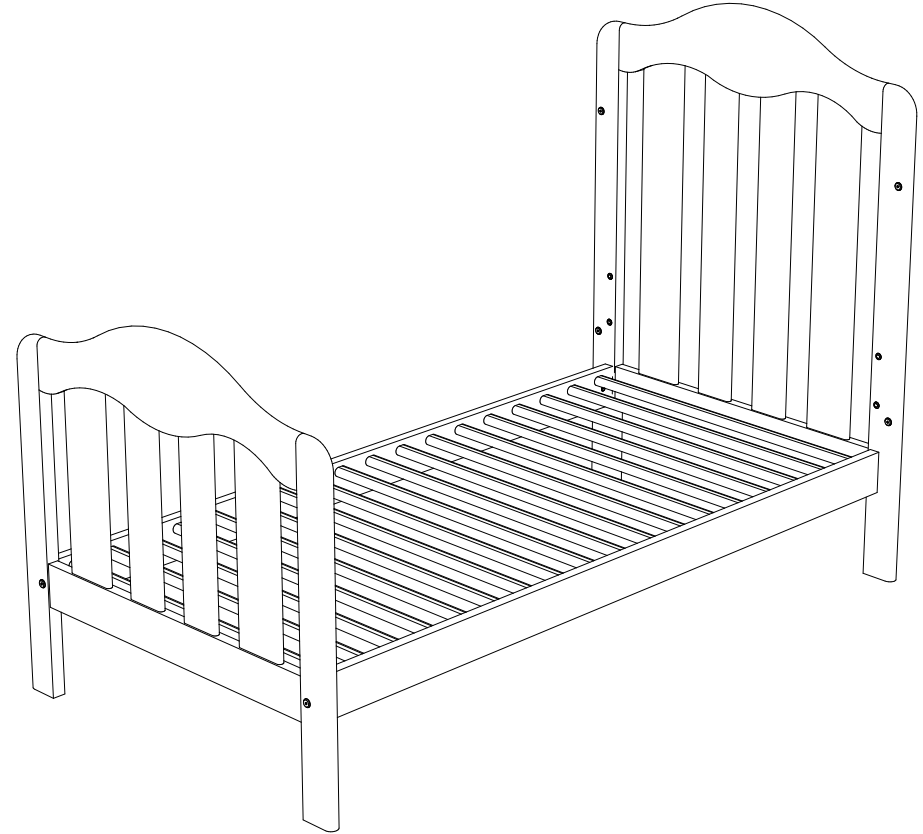

- **WARNING:** Be aware of the risk of open fires and other sources of strong heat, such as electric bar fires, gas fires, etc. in the near vicinity of the cot.
- **WARNING:** Do not use the cot/child's bed if any part is broken, torn or missing and use only spare parts approved by Mamas & Papas.
- **WARNING:** Do not leave anything in the cot or place the cot next to another product which could provide a foothold or present a danger of suffocation or strangulation, e.g. strings, blind/curtain cords, etc.
- **WARNING:** Do not use more than one mattress in the cot.
- **WARNING:** When converted to a child's bed, do not place this bed near heat sources, windows and other furniture.
- The lowest base position is the safest. Once your child is old enough to sit up unaided the base should be used in the lowest position only.
- For reasons of safety, we only recommend the use of the Mamas & Papas size 400 mattress for this cot.
- The line engraved on the cot side indicates the maximum thickness of a mattress that can be used with this cot when the bed base is in the top position.
- The thickness of the mattress chosen shall be such that the internal height (surface of the mattress to the upper edge of the cot frame) is at least 500mm in the lowest position of the bed base and at least 200mm in the highest position of the bed base.
- Children are likely to play, bounce, jump and climb on beds, therefore the child's bed should not be placed too close to other furniture or windows, and should be placed either tight to any wall or have a gap off 300mm between the wall and the side of the bed.
- Please ensure that all fittings are tightened properly before use. Fittings should be checked and tightened regularly where necessary.
- Your cot/bed may be cleaned with a damp cloth. Never use bleach or harsh abrasives.
- To prevent injury from falls, once the child is able to climb out of the cot, it should no longer be used for that child.
- This cot bed is intended for children aged from birth to 4 years approximately.
- When converted to a child's bed, this cot bed conforms to BS 8509:2008.
