Ferrite Core for Power Cord	Ferrite Core for Headphone		

Installing Batteries in the Remote Control

English - 1

Installing the Stand

Step 1

Front

Step 2

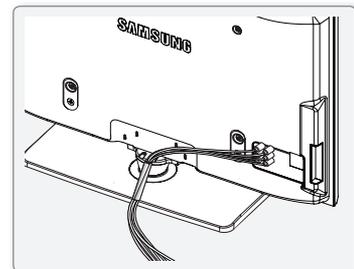

Step 3

Step 1. Attach your PDP TV to the stand.

> ✎ Firmly secure the stand to the TV before moving it, as the stand may fall and could cause serious injury.

> ✎ Two or more people should carry the TV. Never lay the TV on the floor because of possible damage to the screen. Always store the TV upright.

Step 1. Using the 4 screws for securing the stand base and the monitor, firmly attach the monitor to the stand base. (The exterior of the set may be different than the picture.)

Step 3. In case of installing your TV on the wall, close the cover ❶ on the stand-base connection part using two screws for hiding.

Assembling the Cables

Enclose the cables in the Holder-Wire Cable so that the cables are not visible through the transparent stand.

Using the remote control buttons

MENU Button
Displays the favourites channel list.

ENTER⏎ / Direction Button
Move the cursor and select an item.
Select the currently selected item.
Confirm the setting.

RETURN Button
Returns to the previous menu

EXIT Button
Exit the on-screen menu
